

**Currently Bridges does not have an appropriate living arrangement code for youth placed in juvenile detention facilities or MDHHS Training Schools.**

**Changes are being made in Bridges as of December 17, 2016 to ensure the appropriate Medicaid level of care code is attached to the youth's Medicaid case. (*Youth in ineligible placements are considered to be incarcerated under Medicaid requirements.*)**

A new living arrangement type will be added called Juvenile Detention/State Training School/Court Treatment Facility. Select this option for youth placed in the following facilities:

- Juvenile Detention Facility
- MDHHS Training School
- State Detention
- County Treatment Facility
- Court Treatment Facility
